

Thank you for your interest in "Altius Health Plans' FlexChoice" program. Altius' FlexChoice is a consumer driven health care strategy that aims to help you control health care costs while also providing you with more choice and personal control over your health care coverage.

With Altius Health Plans' FlexChoice, you receive:

- A **Qualified High Deductible Health Plan (QHDHP)**, a major medical plan designed to provide protection against catastrophic loss. A QHDHP is a health plan that satisfies certain requirements with respect to deductibles and out-of-pocket expenses which are indexed annually for inflation.
- A **Health Savings Account (HSA)**, a triple tax-advantaged savings vehicle that can be used to help you pay for qualified health care expenses not reimbursed by your QHDHP. Administration of an HSA account through Altius' preferred vendor is included in your premium, but you are free to use any other HSA fund administrator of your choice.
- **Financial Tools**, that allow you to forecast your health care costs and research average costs for specific medical procedures.
- **Clinical Decision Support Tools**, that provide you access to nurse advisor services and the online resources and information you need to choose the health care professionals, services, and products that are best suited for you and your family.

What is different about a Qualified High Deductible Health Plan?

- Just as the name implies, these plans have higher deductibles and out-of-pocket maximums. Most benefits are paid only after the deductible has been met.
- If you have family coverage, the entire family deductible must be met before benefits are paid.
- Certain preventive care services will be paid according to your coinsurance

coverage prior to the deductible being met. Not all office visit services are included in the preventive care services definition, but those that do qualify will be paid according to your benefit level. After the annual deductible is met, all eligible medical expenses will be paid according to your benefit level.

- All out-of-pocket costs for covered services apply to your deductible, and your deductible applies to your out-of-pocket maximum.
- After your deductible is met, covered prescriptions are available for a copay (on the 80% plan). Altius has a three-tier prescription benefit - preferred generic; preferred name-brand; non-preferred medications. On the 100% plan, prescriptions are covered at 100% of eligible medical expenses after deductible.
- Once the out-of-pocket maximum has been reached, all covered services will be covered 100% for the remainder of the calendar year.

What is a Health Savings Account (HSA)?

A Health Savings Account (HSA) is a consumer-owned, tax-advantaged savings vehicle. It is created to help pay for the qualified medical expenses of the account beneficiary who is covered under a high-deductible health plan. HSAs can assist in paying for your medical care now as well as provide a good way to save for future medical expenses. You have complete control regarding how much money you contribute, subject to regulatory limitations. You also decide whether to pay for medical expenses from the account or to save it for future use. Unspent balances remain in your account, accumulating tax-free earnings. Before you can set up an HSA you must be enrolled in a qualified high-deductible health plan.

HSAs are "triple tax-advantaged" accounts.

In most cases, HSAs allow tax-free contributions by you, tax-free growth of interest or investment earnings, and tax-free disbursements of principal and interest to pay for

-CONTINUED-

qualified medical expenses. Plus, you can pick from a variety of HSA investment options that are managed by Altius' preferred vendor.

Contributions to your HSA are tax deductible, and individuals over age 55 can make "catch-up" contributions to their accounts and still enjoy the same tax advantages.

You choose what to spend your money on.

You can use the funds to pay for any qualified medical expense including dental, vision, or other qualified alternative medicine services. HSA funds can be used to pay your health insurance deductible, any coinsurance and copayments for medical services, or prescriptions.

What is a qualified medical expense?

"Qualified medical expenses" are expenses paid by the account beneficiary, his or her spouse, or dependents, for medical care as determined by Section 213(d) of the Internal Revenue Service Code, but only to the extent the expenses are not reimbursed by insurance or otherwise. The qualified medical expenses must be incurred only after the HSA has been established and are generally those deemed medically necessary. For a complete listing of qualified medical expenses, you can call the IRS at (800) 829-3676 and request Publication 502, or visit the IRS website at www.irs.gov to access this publication.

How can expenses be paid using the funds in my HSA?

You have access to the funds in your account in two ways if you choose Altius' preferred vendor to administer your HSA account:

- **Debit Card.** You have direct access to your account through a VISA® debit card. This card can be used to pay for prescriptions, over-the-counter medications, or other qualified medical expenses not reimbursed by your Altius Qualified High Deductible Health Plan.
- **Direct Reimbursement.** After you pay for a qualified medical expense, you can submit a written request for repayment. A check

will be generated from your account and mailed to you.

How do I learn more about HSAs?

Refer to the materials provided by Altius' preferred vendor. This material is included in a separate booklet that answers questions regarding fund eligibility, setting up your personal Health Savings Account, managing your account, investment options, and more.

What if I don't plan on establishing an HSA? Can I still apply for Altius' QHDHP?

Yes. Even if you aren't interested in establishing an HSA at this time, you can still choose to apply for Altius' Qualified High Deductible Health Plan. The Altius QHDHP has been designed to meet the requirements of a health plan that can be partnered with an HSA; but establishing an HSA is a personal choice and is not required to apply for this plan. An administrative fee of \$3.75 per month is included in your premium amount, regardless of whether you open an HSA or choose to use someone other than the Altius preferred HSA vendor.

How do I get started?

First, review these materials, select a plan, and complete the application for the Altius Qualified High Deductible Health Plan that is included in this booklet. After you have been approved by Altius underwriting and your enrollment is accepted, refer to the HSA enrollment packet provided by Altius' preferred HSA vendor. To set up your personal Health Savings Account, follow the enrollment instructions. Remember, you must be enrolled in a qualified high-deductible health plan before you can set up an HSA.

Altius Health Plans for
Individuals and Families

SUBMITTING YOUR APPLICATION

Getting Started...

We have outlined a few tips to help guide you through the evaluation and application process. If along the way you have questions or concerns, your Altius-appointed agent or broker can help you. Your agent or broker can provide you with additional information regarding these plans, help you determine which plan and options are best for your particular needs, and assist you with the application process. However, your Altius-appointed agent or broker does not have authority to waive any application requirements or to approve or modify any coverage.

Select Your Plan

Altius offers 2 different Qualified High Deductible Health Plans each with a different deductible and coinsurance. In order to decide which plan is right for your needs, simply read the short descriptions on Step 1 and compare the plans on the QHDHP Benefits Summary. If you have questions or need further explanation of the plans, contact your Altius-appointed agent or broker.

Complete & Sign Your Application

The application is located in the center of this book. Read and answer each question and section thoroughly. Remember that the oldest family member is considered to be the "applicant" and should sign the application. If accepted, this application will be incorporated by reference into your policy. Incomplete applications will delay the underwriting process. Misrepresentation or omission of material fact may cause your application to be declined.

Calculate Your Premium

You can calculate your monthly premium by obtaining a current Altius Individual Premium Rate Sheet from your Altius appointed agent or broker, and following Step 2 on the Calculate Your Premium section on page 9. It is important to note that the oldest member of your family is considered the "applicant" for the health plan. Keep this in mind when reviewing the premium rates associated with your plan choice.

Choose Your Method of Payment

For your convenience Altius offers two ways to pay your premiums. You need to indicate your preference on Section XII of the application. You may change your method of payment option on your annual renewal date.

- > **Monthly Automatic Withdrawal** is the no stamps, no envelopes, and less hassle method of payment. Your monthly premium will be automatically paid by a direct payment withdrawal from your checking or savings account at your financial institution.
- > **Monthly Billing.** With this option you will be billed at the address you provide on your application on a monthly basis. You will be responsible to notify Altius of any changes to your mailing address. Altius must receive your payment, including your monthly statement, no later than the first of each month. Altius is not responsible for problems within the postal delivery system.

First Month's Payment

After Altius has approved your application, Altius or your Altius appointed agent or broker will inform you of the amount of your first month's payment. Even if you selected the Monthly Automatic Withdrawal, you must submit a personal check made payable to Altius Health Plans Inc. in order for your policy to become effective. Send checks to the following address:

Altius Health Plans
Underwriting Department
Individual Health Plan
10421 South Jordan Gateway #400
South Jordan, UT 84095

Your employer cannot pay any portion of your premium, either directly or through reimbursement.

Submit Your Application to Altius

You may submit your application to Altius through your Altius-appointed agent or

broker, or directly to Altius Health Plans at the following address:

Underwriting Department
Individual Health Plan

South Jordan, UT 84095

Your application package should include:

- 1. Your Completed Application
- 2. Certificate of Creditable Coverage
This certificate, sometimes referred to as a HIPAA letter, is provided by your previous health insurance carrier. We encourage you to

submit certificate(s) of creditable coverage with your application. Although Altius does not need your certificate(s) for approval, submission of the certificate(s) is required in order to receive credit for your Pre-Existing Condition Waiting Period (Refer to page 15 of this book under the heading "Pre-Existing Conditions" for more information.) If you are currently covered with Altius Health Plans, a certificate of creditable coverage is not necessary.

- 3. Completed payment option information (see section XII of the Application). Be sure to include a voided check or savings deposit slip for the Monthly Automatic Withdrawal payment.

Important Note:

Coverage is not in effect until Altius Health Plans approves your application and determines an effective date. We strongly suggest that you carefully consider the impact of changing coverage, and do not cancel any current coverage until Altius Health Plans officially notifies you of approval. We reserve the right to reject coverage for any individual.

SELECT A PLAN -STEP 1-

Your I Plan Options

Follow these 2 simple steps to choose an I Plan that will work well for you and your family's health care needs.

Select a Plan

You have two Altius I Plan QHDHPs from which to choose. Each plan has a different coinsurance and deductible. The plan you select will affect your monthly premium. To choose the plan that will best meet your health care needs, carefully read through each plan description. For a benefit-by-benefit plan comparison, refer to the QHDHP Benefits Summary on page 10.

Deductible means the amount of eligible medical expenses a member is responsible to pay out-of-pocket before Altius begins to pay the costs or provide the services listed in the member's medical benefits brochure.

Deductibles are based on a calendar year.

Out-of-Pocket Maximum means the dollars you pay out-of-pocket for certain covered medical expenses in the calendar year. When out-of-pocket expenses paid by a member or family reach the dollar amount specified by the plan during a calendar year, then no further out-of-pocket expenses will be required for the remainder of that calendar year.

Peak 80% QHDHP

- > **Deductible** - \$2,650 Single / \$5,250 Family
- > **Out-of-Pocket Maximum** - \$5,000 Single / \$10,000 Family
- > Open Access - this means that you're not required to choose a Primary Care Physician and you don't need a referral to see a specialist.
- > Utilizes the Altius provider network with over 3,800 providers and 35 hospitals.
- > Covered services paid at 80% after deductible is met.
- > Certain preventive care services paid at 80% prior to meeting your deductible.
- > Three-tier prescription coverage after deductible is met.
- > All out-of-pocket costs for covered services apply to your deductible, and your deductible applies to your out-of-pocket maximum.
- > 24-Hour Coverage option is available for business owners.

Peak 100% QHDHP

- > **Deductible** - \$5,000 Single / \$10,000 Family
- > **Out-of-Pocket Maximum** - \$5,000 Single / \$10,000 Family
- > Open Access - this means that you're not required to choose a Primary Care Physician and you don't need a referral to see a specialist.
- > Utilizes the Altius provider network with over 3,800 providers and 35 hospitals.
- > Deductible and out-of-pocket maximum amounts are the same. This means that after you meet your deductible, your out-of-pocket maximum is met as well.
- > Covered services paid at 100% after deductible/out-of-pocket maximum is met.
- > Certain preventive care services paid at 100% prior to meeting your deductible.
- > All out-of-pocket costs for covered services apply to your deductible, and your deductible applies to your out-of-pocket maximum.
- > 24-Hour Coverage option is available for business owners.

CALCULATE YOUR PREMIUM -STEP 2-

Calculate Your Premium

Begin by writing down your plan selections from Step 1 on Section A below. Next, obtain a current Altius Individual Premium Rate Sheet from your Altius appointed agent or broker, or from our website at www.AltiusHealthPlans.com.

A) Locate Your Monthly Premium

	Write Your Selection	Premium
> Plan selection		
> Plan deductible / coinsurance		
> Age group of the applicant; Applicant must be the oldest family member		
> Tier (Single, 2 Party, Family)		\$ _____

B) 24-Hour Coverage Option

> 24-Hour Coverage is for owners, partners or sole proprietors who are not required by law to be covered under employer liability coverage such as Workers' Compensation Insurance. 24-Hour Coverage includes benefits for job-related injuries or illnesses that would normally be excluded from your individual health plan coverage. 24-Hour Coverage is not employer liability coverage and does not include disability income or life insurance benefits.	Add \$25.00 \$ _____
--	-------------------------

C) Total Estimated Monthly Premium

Add the amounts from Sections A and B > This is the estimated amount of your monthly premium. Once underwriting has reviewed your application, any adjustments to your final monthly premium will be submitted to you for your acceptance before your policy will be effective.	\$ _____
--	----------

Note:

- > Premium rates are based on the age of the oldest applying family member. The application must be written with the oldest applying family member as the applicant.
- > Premium may be adjusted for family size.
- > Premium adjustments due to changes in age will be effective on the first day of the month coinciding with the applicant's (subscriber's) birthday.

These plans are designed to provide coverage for hospital, medical and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily hospital room and board, miscellaneous hospital services, in-hospital medical services, and out-of-hospital care and services.

Coverage is subject to any deductibles, copayments, coinsurance provisions, or other limitations or exclusions which may be set forth in the policy.

Please refer to the medical benefits brochure included in the policy, limitations and exclusions list, and general information within this book for additional information.

Once you receive the policy (after you are enrolled), you will have ten days to review it before acceptance. If you decide to cancel within the ten day review period, you may do so by notifying us in writing at Altius Health Plans, Underwriting - Individual Health Plan, 10421 South Jordan Gateway, #400, South Jordan, Utah 84095, and you will receive a full refund of your premium. No premium refunds are available after the ten day review period. If your premium is refunded, the policy shall be void as if coverage had not been issued.

Eligibility

You and your dependents may apply for coverage under this policy if you live, work or reside in the Altius Utah service area, you are under 65 years of age, and you are not eligible for Medicare. Remember that if your employer is paying any portion of your premium either directly or through reimbursement, it constitutes a group plan, and you are not eligible for coverage under this policy.

Eligible Dependents

Eligible dependents include your legal spouse and your unmarried children, step-children, children placed for adoption, or legally adopted children, from birth to age 26, provided that they are dependent upon you for at least 50% of their financial support.

Unless otherwise required by a court order, Qualified Medical Support Order (QMSO), National Medical Support Notice (NMSN), or other administrative order, eligibility is limited to dependents who live, work, or reside continuously in our Utah service area.

24-Hour Coverage

Owners, partners, or sole proprietors who are not required by law to be covered under Workers' Compensation insurance may be eligible for 24-Hour Coverage. 24-Hour Coverage includes benefits for job-related injuries or illnesses that would normally be excluded from your policy. 24-Hour Coverage is not Workers' Compensation and does not include disability income or life insurance benefits. This coverage is subject to underwriting approval.

Rating Methodology

Premiums are based on an adjusted community rate methodology and vary according to age and family status. Medical underwriters will make an initial evaluation of the health status of individuals and dependents to determine whether any surcharge to published premiums is necessary. Coverage may be declined on a particular individual or dependent at the time of initial evaluation.

Effective Date of Coverage

Coverage for you and the dependents listed on your application will become effective on the 1st of the month following the review and approval of your application by the Altius Health Plans Underwriting Department.

Plan & Deductible Changes

All requests for plan changes are subject to underwriting approval and will only be considered at renewal. The Altius Health Plans Underwriting Department will determine the effective date of any change.

Deductible and Out-of-Pocket Maximum

After your deductible, copays, and/or coinsurance totals the amounts stated in the I Plan QHDHP Benefits Summary in any calendar year, you do not have to pay any more for certain covered services for the remainder of that calendar year.

Payments for non-covered services and payments for charges that exceed eligible medical expenses do not apply to the out-of-pocket maximum.

Benefit Accumulation

Unless noted otherwise on the I Plan QHDHP Benefits Summary, benefits are calculated on a calendar year basis regardless of when you are enrolled. Out-of-pocket maximums and limited benefits start over on January 1st, except for benefits limited per condition rather than per year.

If you are a current member and you re-apply for coverage on a different plan, your deductible will start over regardless of the date your new plan coverage begins.

Prior Authorization of Services

Prior authorization is required for certain services in order to verify that the service to be provided is medically necessary and appropriate for the treatment of your medical condition and to initiate the involvement of the Altius Utilization staff (or designee) in the management of your care. In addition, the process is helpful for both providers and members because the Altius Utilization staff can verify your status as an Altius member and also verify that the service to be provided is a covered benefit.

For a list of services that require prior authorization, please call our Customer Service department at 801-323-6200 or 1-800-377-4161, or visit our website at www.AltiusHealthPlans.com. A complete list is also included in your policy.

Pre-Existing Conditions

A pre-existing condition is a condition for which medical advice, diagnosis, care or treatment was recommended or received within six months before the date we receive your completed application. A condition may be defined as pre-existing whether physical or mental, and regardless of its cause. A condition indicated by genetic information is not considered a pre-existing condition unless a physician has made an actual diagnosis of the condition.

Coverage is excluded for the care and treatment of pre-existing conditions until 12 months after you apply. Acceptance under this policy does not imply any waiver of pre-existing condition waiting periods. See the policy for details.

Note: If medical records or claims for you and/or your dependents document the presence of a pre-existing condition that was not fully disclosed on the health questionnaire, your coverage may be revised or terminated.

Pre-Existing Condition Waiting Period

If you or your dependents are considered newly covered, the first 12 months after we receive your completed application is referred

MAJOR MEDICAL OUTLINE OF COVERAGE -CONTINUED-

to as a pre-existing condition waiting period. This means that if you have a medical condition before your policy becomes effective, coverage for that condition will be excluded until 12 months after you apply. This exclusion applies only to conditions for which medical advice, diagnosis, care or treatment was recommended or received within the six-month period ending the day before we receive your application. The pre-existing condition exclusion does not apply to a child who is enrolled in the policy within 30 days after birth, adoption, or placement for adoption.

If you had health insurance before you applied for coverage with Altius, you can reduce the length of this exclusion period by the number of days of your prior "creditable coverage." Most prior health coverage is creditable coverage and can be used to reduce the pre-existing condition waiting period, unless your previous coverage was terminated more than 63 days prior to the date we received your completed application.

To reduce your pre-existing condition waiting period, you should give us a copy of any certificates of creditable coverage you have. If, after making reasonable efforts, you are unable to obtain a certificate from your previous insurance carrier or plan, we will help you. There are also other ways that you can show you have creditable coverage. Please contact us if you need help demonstrating creditable coverage.

All questions about the pre-existing condition exclusion and creditable coverage should be directed to:

General Limitations and Exclusions

Accepted Medical Practice

Services determined by Altius to be inconsistent with accepted medical practice or illegal are excluded. This includes any service which is not generally recognized by the U.S. medical community as conforming to accepted medical practice, and any service for which required government approval has not been granted at the time the service is provided, including services which are investigational, experimental, or research in nature. Procedures, devices, drugs, or "biologics" for which there is insufficient evidence to determine their likely effect on patients' health outcomes, are also excluded.

Claims After One Year

Claims are denied if submitted to Altius more than one year after services were rendered unless you can show that notice was given or proof of loss was filed as soon as reasonably possible. Adjustments or corrections to claims are denied if submitted to Altius more than one year after claims were first processed unless you can show that the additional information relating to the claim was filed as soon as reasonably possible. When this policy is secondary coverage, coordination of benefits claims will be denied if submitted to Altius more than one year after the date the claim was first processed by the primary carrier, unless you show that notice was given or proof of loss was filed as soon as reasonably possible.

Excess Charges

Expenses related to non-covered services, including pre- and post-operative evaluation, diagnostic testing, and complications resulting from non-covered services, supplies, and/or medications are excluded. When a non-covered procedure is performed as part of the same operation or process as a covered service, only eligible medical expenses relating to the covered service will be eligible for benefits. Eligible medical expenses may be calculated to exclude any charges related to the non-covered service.
