Individuals and Families

SUBMITTING YOUR APPLICATION

Getting Started...

We have outlined a few tips to help guide you through the evaluation and application process. If along the way you have questions or concerns, your Altius-appointed agent or broker can help you. Your agent or broker can provide you with additional information regarding these plans, help you determine which plan and options are best for your particular needs, and assist you with the application process. However, your Altius-appointed agent or broker does not have authority to waive any application requirements or to approve or modify any coverage.

Select Your Plan & Deductible Options

Altius offers 4 different plans with a variety of plan options that allow you to customize your Altius plan to meet your personal needs. Simply follow the 4 easy steps in the Build Your Health Plan section of this book and contact your Altius-appointed agent or broker.

Complete & Sign Your Application

The application is located in the center of this book. Read and answer each question and section thoroughly. Remember that the oldest family member is considered to be the "applicant" and should sign the application. If accepted, this application will be incorporated by reference into your policy. Incomplete applications will delay the underwriting process. Misrepresentation or omission of material fact may cause your application to be declined.

Calculate Your Premium

You can calculate your monthly premium by obtaining a current Altius Individual Premium Rate Sheet from your Altius appointed agent or broker, and following the Calculate Your Premium steps on page 14. It is important to note that the oldest member of your family is considered the "applicant" for the health plan. Keep this in mind when reviewing the premium rates associated with your plan choice.

Choose Your Method of Payment

For your convenience Altius offers two ways to pay your premiums. You need to indicate your preference on Section XII of the application. You may change your method of payment option on your annual renewal date.

> **Monthly Automatic Withdrawal** is the no stamps, no envelopes, no additional administration fee, and less hassle method of payment. Your monthly premium will be automatically paid by a direct payment withdrawal from your checking or savings account at your financial institution.

> **Monthly Billing.** With this option you will be billed at the address you provide on your application on a monthly basis. If you choose the monthly billing option, a \$5 administration fee will be added to your monthly bill. You will be responsible to notify Altius of any changes to your mailing address. Altius must receive your payment, including your monthly statement, no later than the first of each month. Altius is not responsible for problems within the postal delivery system.

First Month's Payment

After Altius has approved your application, Altius or your Altius appointed agent or broker will inform you of the amount of your first month's payment. Even if you selected the Monthly Automatic Withdrawal, you must submit a personal check made payable to Altius Health Plans Inc. in order for your policy to become effective. Send checks to the following address:

Altius Health Plans
Underwriting Department
Individual Health Plan
10421 South Jordan Gateway #400
South Jordan, UT 84095

Your employer cannot pay any portion of your premium, either directly or through reimbursement.

SUBMITTING YOUR APPLICATION -CONTINUED-

Submit Your Application to Altius

You may submit your application to Altius through your Altius-appointed agent or broker, or directly to Altius Health Plans at the following address:

Altius Health Plans
Underwriting Department
Individual Health Plan
10421 South Jordan Gateway #400
South Jordan, UT 84095

Your application package should include:

- 1. Your Completed Application
- 2. Certificate of Creditable Coverage
This certificate, sometimes referred to as a HIPAA letter, is provided by your previous

health insurance carrier. We encourage you to submit certificate(s) of creditable coverage with your application. Although Altius does not need your certificate(s) for approval, submission of the certificate(s) is required in order to receive credit for your Pre-Existing Condition Waiting Period (Refer to page 19 of this book under the heading "Pre-Existing Conditions" for more information.) If you are currently covered with Altius Health Plans, a certificate of creditable coverage is not necessary.

- 3. Completed payment option information (see section XII of the Application). Be sure to include a voided check or savings deposit slip for the Monthly Automatic Withdrawal payment.

Important Note:

Coverage is not in effect until Altius Health Plans approves your application and determines an effective date. We strongly suggest that you carefully consider the impact of changing coverage, and do not cancel any current coverage until Altius Health Plans officially notifies you of approval. We reserve the right to reject coverage for any individual.

BUILD YOUR HEALTH PLAN -STEP 1 CONTINUED-

☐ Peak Advantage Plan

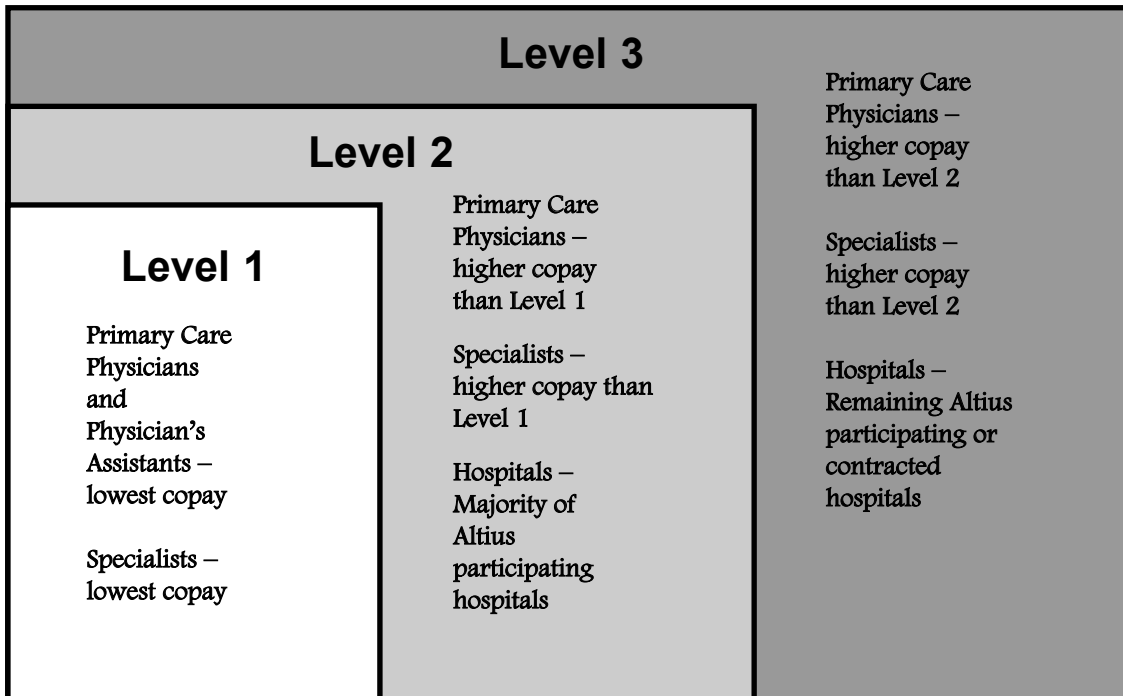

- > Open Access-this means that you don't choose a Primary Care Physician and you don't need a referral to see a specialist!
- > Utilizes the Altius Premier Network with over 3,800 providers and 34 hospitals.
- > Members make appointments with any provider in the directory and pay the copay amount for that provider's Level according to the comparison benefits summary.
- > No deductible for services such as preventive care, office visits, urgent care, and emergency care.
- > 24-Hour Coverage option is available for business owners.

The Altius Peak Advantage plan offers you a unique opportunity to choose your copay at the time you select your provider. You will notice in the provider directory that every provider listed has a designation of Level 1, 2, or 3. The chart below demonstrates which types of providers are in each Level. Levels and corresponding benefit amounts are indicated on the comparison benefits summary and the medical benefits brochure included in the policy.

When you go to a provider, your claim will be processed according to the benefit

indicated by that provider's Level, as listed in your provider directory. For example, if you visit a physician designated as a Level 1 provider, you will pay the Level 1 office visit copay. If you are hospitalized at a Level 2 hospital, you will be responsible for Level 2 coinsurance after deductible. If the attending physician during that hospital stay is a Level 3 provider, claims for that provider will be processed at Level 3 benefits. Your Peak Advantage medical benefits brochure and provider directory go hand-in-hand and will help you get the most out of your plan.

Choose Your Plan Deductible / Coinsurance & Copay Option

¹Out-of-Pocket Maximum means the dollars you pay out-of-pocket for certain covered medical expenses in the calendar year. When out-of-pocket expenses paid by a member or family reach the dollar amount specified by the plan during a calendar year, then no further out-of-pocket expenses will be required for the remainder of that calendar year.

Deductible means the amount of eligible medical expenses a member is responsible to pay out-of-pocket before Altius begins to pay the costs or provide the services listed in the member's medical benefits brochure.

Deductibles are based on a calendar year.

BUILD YOUR HEALTH PLAN -STEP 3-

Choose a Pharmacy Deductible

Find the plan you chose in Step 1 and select a pharmacy deductible option. The pharmacy deductible you choose also affects your monthly premium. Deductibles are based on a calendar year. The pharmacy deductible applies to all prescription levels before any coinsurance or copay applies.

GENERAL INFORMATION

General Provisions

These plans are designed to provide coverage for hospital, medical and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily hospital room and board, miscellaneous hospital services, in-hospital medical services, and out-of-hospital care and services.

Coverage is subject to any deductibles, copayments, coinsurance provisions, or other limitations or exclusions which may be set forth in the policy.

Please refer to the medical benefits brochure included in the policy, limitations and exclusions list, and general information within this book for additional information.

Once you receive the policy (after you are enrolled), you will have ten days to review it before acceptance. If you decide to cancel within the ten day review period, you may do so by notifying us in writing at Altius Health Plans, Underwriting - Individual Health Plan, 10421 South Jordan Gateway, #400, South Jordan, Utah 84095, and you will receive a full refund of your premium. No premium refunds are available after the ten day review period. If your premium is refunded, the policy shall be void as if coverage had not been issued.

Eligibility

You and your dependents may apply for coverage under this policy if you live, work or reside in the Altius Utah service area, you are under 65 years of age, and you are not eligible for Medicare. Remember that if your employer is paying any portion of your premium either directly or through reimbursement, it constitutes a group plan, and you are not eligible for coverage under this policy.

Eligible Dependents

Eligible dependents include your legal spouse and your unmarried children, step-children, children placed for adoption, or legally adopted children, from birth to age 26, provided that they are dependent upon you for at least 50% of their financial support.

Unless otherwise required by a court order, Qualified Medical Support Order (QMSO), National Medical Support Notice (NMSN), or other administrative order, eligibility is limited to dependents who live, work, or reside continuously in our Utah service area.

24-Hour Coverage

Owners, partners, or sole proprietors who are not required by law to be covered under Workers' Compensation insurance may be eligible for 24-Hour Coverage. 24-Hour Coverage includes benefits for job-related injuries or illnesses that would normally be excluded from your policy. 24-Hour Coverage is not Workers' Compensation and does not include disability income or life insurance benefits. This coverage is subject to underwriting approval.

Rating Methodology

Premiums are based on an adjusted community rate methodology and vary according to age and family status. Medical underwriters will make an initial evaluation of the health status of individuals and dependents to determine whether any surcharge to published premiums is necessary. Coverage may be declined on a particular individual or dependent at the time of initial evaluation.

Effective Date of Coverage

Coverage for you and the dependents listed on your application will become effective on the 1st of the month following the review and approval of your application by the Altius Health Plans Underwriting Department.

Plan & Deductible Changes

All requests for plan changes are subject to underwriting approval and will only be considered at renewal. The Altius Health Plans Underwriting Department will determine the effective date of any change.

Termination

Your policy cannot be terminated for health reasons. However, your coverage will be automatically terminated:

GENERAL INFORMATION -CONTINUED-

- If you no longer reside, live or work in the Altius Utah Service Area;

MAJOR MEDICAL OUTLINE OF COVERAGE

Read and Know Your Policy

This outline of coverage provides a very brief description of the important features of your policy. This is not the insurance policy and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and Altius Health Plans. It is, therefore, important that you **READ YOUR POLICY CAREFULLY!**

Major Medical Expense Coverage

Policies of this category are designed to provide, to persons insured, coverage for major hospital, medical, and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily hospital room and board, miscellaneous hospital services, surgical services, anesthesia services, in-hospital medical services, and out-of-hospital care, subject to any deductibles, copayments, coinsurance provisions or other limitations and exclusions which may be set forth in the policy.

Summary of Covered Services

For specific benefit coverage levels, see your plan on the I Plan Comparison Benefits Summary. The medical benefits brochure in your policy contains detailed benefit information. Benefits listed below are subject to all applicable limitations, exclusions, and requirements of the policy.

Inpatient Services

- > Facility Services: daily hospital room and board, miscellaneous hospital services, and medically necessary supplies
- > Professional Services: such as inpatient physician visits, surgeons, anesthesiologists, radiologists and pathologists

Maternity Services

Coverage is provided for the subscriber or the subscriber's spouse only. This benefit is subject to a separate deductible per pregnancy as outlined in the I Plan Comparison Benefits Summary. Benefit includes:

- > Facility services: hospital, birthing center, observation
- > Professional Services: prenatal care, delivery, anesthesia, post-natal care, and related lab and radiology services

The benefit for pre-natal care is determined by the coverage in effect at the time of delivery. If pre-natal care is billed by a provider who does not perform the delivery, the benefit for such care is determined by the coverage in effect at the time of the last pre-natal visit with that provider.

Complications of pregnancy are covered under regular medical benefits for all members enrolled under the policy.

In accordance with Utah law, this policy provides for payment of an adoption indemnity benefit of \$4,000 for a child placed for adoption within 90 days of birth. The benefit amount is subject to the same deductibles and coinsurance amounts that apply to maternity services. Because the maternity deductible under this policy exceeds the indemnity benefit amount, no benefit is payable.

Outpatient Services

- > Office Visits: preventive services including annual adult physical examinations, well child care, and limited vaccinations and immunizations; specialist visits and consultations; diagnostic services such as lab and x-ray; therapeutic services including limited therapeutic injections; eye exams
- > Outpatient Facility and Ancillary Services: surgical facility services; observation; other diagnostic and therapeutic services such as lab, radiology, chemotherapy, radiation therapy, dialysis, cardiovascular services, infusion therapy, endoscopy, and pulmonary services
- > Outpatient Professional Services: surgery and anesthesia; services provided in an outpatient facility as outlined above
- > Emergency Room Services
- > Urgent Care
- > Ambulance and Emergency Transportation

MAJOR MEDICAL OUTLINE OF COVERAGE -CONTINUED-

Maximum Dollar Amount for Covered Charges

- \$2 million lifetime maximum for all services provided under the policy
- Lifetime maximum includes all benefits paid on your behalf under any previous plan, policy, contract, or agreement issued by Altius. Your benefits will be exhausted once this lifetime maximum is met
- Peak Advantage plan \$2 million lifetime maximum is combined across all benefit levels

Other Benefits

- Medical Supplies, including oxygen and medically necessary nutritional formulas
- Injectable Medications: coinsurance amounts differ for preferred and non-preferred injectable medications
- Prescription Drugs: includes birth control pills, insulin, and specific diabetic testing supplies and insulin syringes. Copays differ for preferred generic, preferred brand, and non-preferred drugs. If you receive a brand name drug when a preferred generic equivalent can be substituted, you will pay the difference in cost between the generic and the brand name drug, any applicable deductible, and/or the generic copay. Regular benefits apply if a preferred generic cannot be substituted

The following benefits are limited by dollar amount or number of days or visits as outlined in the Comparison Benefits Summary:

- Dental Care Benefits for accidental injury to sound natural teeth
- Infertility Diagnostic Procedures
- Outpatient Rehabilitation, Physiotherapy Services
- Chiropractic Services
- Skilled Nursing Facility Services
- Home Health Care
- Durable Medical Equipment Supplies: durable medical equipment, corrective appliances, and prosthetic devices
- TMJ services

All services must be received while the policy is in force.

Deductible and Out-of-Pocket Maximum

After your coinsurance totals the amounts stated in the I Plan Comparison Benefits Summary in any calendar year, you do not have to pay any more for certain covered services for the remainder of that calendar year.

Deductible and out-of-pocket limits are cumulative for the Peak Advantage plan. This means that when you pay toward a deductible or out-of-pocket limit on one level, it applies to all other levels at the same time. The maximum limits for Level 3 represent the total maximum deductible and out-of-pocket expenses you will pay for applicable covered services in any calendar year.

The following expenses DO NOT apply to the Out-of-Pocket Maximum:

- Deductibles
- Fixed copay amounts
- Coinsurance for the following benefits:
 - Durable medical equipment and medical supplies
 - TMJ services
 - Accident-related dental services
 - Infertility services
- Prescription drugs
- Charges that exceed eligible medical expenses
- Non-covered services

Benefit Accumulation

Unless noted otherwise on the I Plan Comparison Benefits Summary, benefits are calculated on a calendar year basis regardless of when you are enrolled. Out-of-pocket maximums and limited benefits start over on January 1st, except for benefits limited per condition rather than per year.

If you are a current member and you re-apply for coverage on a different plan, your deductible will start over regardless of the date your new plan coverage begins.

MAJOR MEDICAL OUTLINE OF COVERAGE -CONTINUED-

Prior Authorization of Services

Prior authorization is required for certain services in order to verify that the service to be provided is medically necessary for the treatment of your medical condition and to initiate the involvement of the Altius Utilization staff (or designee) in the management of your care. In addition, the process is helpful for both providers and members because the Altius Utilization staff can verify your status as an Altius member and also verify that the service to be provided is a covered benefit.

For a list of services that require prior authorization, please call our Customer Service department at 801-323-6200 or 1-800-377-4161, or visit our website at www.AltiusHealthPlans.com. A complete list is also included in your policy.

Pre-Existing Conditions

A pre-existing condition is a condition for which medical advice, diagnosis, care or treatment was recommended or received within six months before your effective date. A condition may be defined as pre-existing whether physical or mental, and regardless of its cause. A condition indicated by genetic information is not considered a pre-existing condition unless a physician has made an actual diagnosis of the condition.

Coverage is excluded for the care and treatment of pre-existing conditions until you have had continuous coverage with Altius for 12 months. Acceptance under this policy does not imply any waiver of pre-existing condition waiting periods. See the policy for details.

Note: If medical records or claims for you and/or your dependents document the presence of a pre-existing condition that was not fully disclosed on the health questionnaire, your coverage may be revised or terminated.

Pre-Existing Condition Waiting Period

If you or your dependents are considered newly covered, the first 12 months of coverage is referred to as a pre-existing condition waiting period. This means that if

you have a medical condition before your policy becomes effective, coverage for that condition will be excluded until you have had continuous coverage with Altius for 12 months. This exclusion applies only to conditions for which medical advice, diagnosis, care or treatment was recommended or received within the six-month period ending the day before your coverage becomes effective. The pre-existing condition exclusion does not apply to a child who is enrolled in the policy within 30 days after birth, adoption, or placement for adoption.

If you had health insurance before your effective date with Altius, you can reduce the length of this exclusion period by the number of days of your prior "creditable coverage." Most prior health coverage is creditable coverage and can be used to reduce the pre-existing condition waiting period, unless your previous coverage was terminated more than 63 days prior to your effective date with Altius.

To reduce your pre-existing condition waiting period, you should give us a copy of any certificates of creditable coverage you have. If, after making reasonable efforts, you are unable to obtain a certificate from your previous insurance carrier or plan, we will help you. There are also other ways that you can show you have creditable coverage. Please contact us if you need help demonstrating creditable coverage.

All questions about the pre-existing condition exclusion and creditable coverage should be directed to:

General Limitations and Exclusions

Accepted Medical Practice

Services determined by Altius to be inconsistent with accepted medical practice or illegal are excluded. This includes any service which is not generally recognized by the U.S. medical community as conforming to accepted medical practice, and any service for which required government approval has not been granted at the time the service is provided, including services which are investigational, experimental, or research in nature. Procedures, devices, drugs, or "biologics" for which there is insufficient evidence to determine their likely effect on patients' health outcomes, are also excluded.

Claims After One Year

Claims are denied if submitted to Altius more than one year after services were rendered unless you can show that notice was given or proof of loss was filed as soon as reasonably possible. Adjustments or corrections to claims are denied if submitted to Altius more than one year after claims were first processed unless you can show that the additional information relating to the claim was filed as soon as reasonably possible. When this policy is secondary coverage, coordination of benefits claims will be denied if submitted to Altius more than one year after the date the claim was first processed by the primary carrier, unless you show that notice was given or proof of loss was filed as soon as reasonably possible.

Medically unnecessary services and supplies, as determined by Altius, are excluded.

When a non-covered procedure is performed as part of the same operation or process as a covered service, only eligible medical expenses relating to the covered service will be eligible for benefits. Eligible medical expenses may be calculated to exclude any charges related to the non-covered service.

No Presumption of Coverage

There is no presumption of coverage. Services not specified as covered are excluded.

Examples include your name, address, phone number, social security number, date of birth, marital status, employment information, or medical history. We also receive information from health care providers and others about you. Examples include the health care services you receive. This information may be in the form of health care claims and encounters, medical information, or a service request. We may receive your information in writing, by telephone or electronically.

C. How Do We Protect the Privacy of Your Personal Information?

Keeping your information safe is one of our most important duties. We limit access to your personal information to those who need it. We maintain appropriate safeguards to protect it. For example, we protect access to our buildings and computer systems. Our Privacy Office also assures the training of our staff on our privacy and security policies.

D. How Do We Use and Share Your Information for Treatment, Payment and Health Care Operations?

To properly service your benefits, we may use and share your personal information for "treatment," "payment" and "health care operations." Below we provide examples of each. We may limit the amount of information we share about you as required by law. For example, HIV/AIDS, substance abuse, and genetic information may be further protected by law. Our privacy policies will always reflect the most protective laws that apply.

Treatment: We may use and share your personal information with health care providers for coordination and management of your care. Providers include physicians, hospitals, and other caregivers who provide services to you.

Payment: We may use and share your personal information to determine your eligibility, coordinate care, review medical necessity, pay claims, obtain external review and respond to complaints. For example, we may use information from your health care provider to help process your claims. We may also use and share your personal information to obtain payment from others that may be responsible for such costs.

Health Care Operations: We may use and share your personal information as part of our operations in servicing your benefits.

NOTICE OF PRIVACY PRACTICES -CONTINUED-

Operations include credentialing of providers; quality improvement activities; accreditation by independent organizations; responses to your questions, grievance or external review programs; and disease management, case management and care coordination. We may also use and share information for our general administrative activities such as pharmacy benefits administration, detection and investigation of fraud; auditing; underwriting and ratemaking; securing and servicing reinsurance policies; or in the sale, transfer or merger of Altius, its parent company, subsidiaries, or affiliates, with another entity. For example, we may use or share your personal information in order to evaluate the quality of health care delivered, to remind you about preventive care or to inform you about a disease management program.

We may also share your personal information with providers and other health plans for their treatment, payment and certain health care operation purposes. For example, we may share personal information with other health plans identified by you or your plan sponsor when those plans may be responsible to pay for certain health care benefits.

E. What Other Ways Do We Use or Share Your Information?

We may also use or share you personal information for the following:

Health care oversight and law enforcement: to comply with federal or state oversight agencies. These may include your state Department of Insurance or the US Department of Labor.

Legal proceedings: to comply with a court order or other lawful process.

Treatment options: to inform you about treatment options or health related benefits or services.

Plan sponsors: to permit the sponsor of your health plan to service your benefits. Please see your plan documents for more information.

Research: to researchers where all procedures required by law have been taken to protect the privacy of the data.

Others involved in your health care: we may share certain personal information with a relative, such as your spouse, close personal friend, or others you have identified as being involved in your care or payment for that care. For example, to those individuals with knowledge of a specific claim, we may confirm certain information about it. Also, we may mail an explanation of benefits to the subscriber. Your family may also have access to such information on our website. If you do not want this information to be shared, please tell us in writing.

Personal representatives: we may share personal information with those having a relationship that gives them the right to act on your behalf. Examples include parents of an unemancipated minor or those having a Power of Attorney.

Business associates: to persons providing services to us and who assure us that they will protect the information. Examples may include those companies providing your pharmacy or behavioral health benefits.

Other situations: we also may share personal information in certain public interest situations. Examples include protecting victims of abuse or neglect; preventing a serious threat to health or safety; tracking diseases or medical devices; or informing military or veteran authorities if you are an armed forces member. We may also share your information with coroners; for worker's compensation; for national security and as required by law.

F. What About Other Sharing of Information and What Happens If You Are No Longer Enrolled?

We will obtain your written permission to use or share your health information for reasons not identified by this notice. If you

NOTICE OF PRIVACY PRACTICES -CONTINUED-

withdraw your permission, we will no longer use or share your health information for those reasons.

We do not destroy your information when your coverage ends. It is necessary to use and share your information, for many of the purposes described above, even after your coverage ends. However, we will continue to protect your information regardless of your coverage status.

G. Rights Established by Law

Requesting restrictions: You can request a restriction on the use or sharing of your health information for treatment, payment or health care operations. However, we may not agree to a requested restriction.

Confidential communications: You can request that we communicate with you about your health and related issues in a certain way, or at a certain location. For example, you may ask that we contact you by mail, rather than by telephone, or at work, rather than at home. We will accommodate reasonable requests.

Access and copies: You can inspect and obtain a copy of certain health information. We may charge a fee for the costs of copying, mailing, labor and supplies related to your request. We may deny your request to inspect or copy in some situations. In some cases denials allow for a review of our decision. We will notify you of any costs pertaining to these requests, and you may withdraw your request before you incur any costs.

Amendment: You may ask us to amend your health information if you believe it is incorrect or incomplete. You must provide us with a reason that supports your request. We may deny your request if the information is accurate or as otherwise allowed by law. You may send a statement of disagreement.

Accounting of disclosures: You may request a report of certain times we have shared your information. Examples include, sharing your

information in response to court orders or with government agencies that license us. All requests for an accounting of disclosures must state a time period that may not include a date earlier than 6 years prior to the date of the request and may not include dates before April 14, 2003. We will notify you of any costs pertaining to these requests, and you may withdraw your request before you incur any costs.

X - AUTHORIZATION & ACKNOWLEDGEMENT

I hereby apply for coverage with Altius Health Plans (Altius) for the persons listed on this application (collectively referred to as Applicants). When incorporated with the policy, this application and the medical benefits brochure become part of the policy. Once fully signed and executed, Altius and I agree to the terms set forth in the policy. I understand that coverage is dependent upon my satisfaction of applicable underwriting criteria. I also understand that no coverage will be in force until each person listed above is approved by Altius, that no benefits will be provided for any services which begin before the coverage is effective, and that benefits will not extend beyond the termination of either my coverage or the policy.

CONSENT AT ENROLLMENT: I authorize 1) all health providers and insurers to furnish Altius, and 2) all health providers and Altius to furnish all insurers and health providers records concerning Applicants for whom information is requested for any purpose required for the coverage of benefits including, but not limited to, the coordination of payments with other insurers or in connection with the provision of medical care. I understand that I or my authorized representative may receive a copy of this form containing this authorization for disclosure of information. A photographic copy of this authorization shall be valid as the original. For claim adjudication purposes, this authorization is valid for the duration of my coverage for health benefits through Altius. For purposes of collecting information for an insurance policy application, policy reinstatement, or a request for change in policy benefits, this authorization shall remain valid for 30 months from the date the authorization is signed.

I hereby declare that to the best of my knowledge and belief, the information given on this application, including the Health information in Sections V-VIII of this application is correctly recorded, true and complete. I understand that material omissions or misrepresentations regarding information provided on this application could cause an otherwise covered service to be denied and/or could void any coverage issued. If I subsequently become aware of information different from that provided in this application, I agree to provide that additional information promptly to Altius Health Plans. I understand that no agent or Altius representative is allowed to permit me to answer any questions inaccurately, untruthfully or incompletely, and I represent that such did not occur. I understand that it is my continuing responsibility to report to Altius changes in the eligibility of any Applicants who become members.

By signing this application, I agree on behalf of all Applicants that Altius may use or disclose to third parties the information contained on this application and individually identifiable health information relating to the Applicants for purposes of administering my health insurance benefits including treatment, payment, or health care operations, as those terms are explained in detail in the Altius Notice of Privacy Practices and to the extent permitted by law. My consent includes agreement for the use or disclosure of health information that may include diagnosis, prognosis, treatment, and payment information related to physical and/or mental illness, including substance abuse, Acquired Immune Deficiency

Syndrome (AIDS), AIDS Related Complex (ARC), or Human Immunodeficiency Virus (HIV). By signing this form, I also agree on behalf of myself and the other Applicants, to the extent permitted by law, health care providers, insurers, claims administrators, employers, and others may disclose the Applicants' personal information including individually identifiable health information that may include diagnosis, prognosis, treatment, and payment information related to physical and/or mental illness including substance abuse, AIDS, ARC, or HIV to Altius for administration of health insurance benefits including treatment, payment, or health care operations purposes and other purposes permitted by law.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS INSURANCE:

According to information you have furnished, you may intend to lapse or otherwise terminate existing accident and sickness insurance and replace it with a policy to be issued by Altius. Your new policy provides 10 days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors that may affect the insurance protection available to you under the new policy.

1. Health conditions that you may presently have (pre-existing conditions) may not be immediately or fully covered under the new policy. This could result in a denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.
3. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical/health history.
4. Failure to include all material medical information on an application may provide a basis for Altius to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, re-read it carefully to be certain that all information has been properly recorded.

I understand the coverage for which I am applying excludes certain conditions/procedures for twelve months, regardless of whether or not they are pre-existing. I also understand that the coverage may limit or exclude conditions for which a family member or I have received, or have been recommended to receive, any medical advice, diagnosis, care, or treatment during the six months immediately preceding the coverage effective date, according to the pre-existing conditions limitations provisions of the policy. I understand that this application will become part of the policy.

Many Altius primary care offices have extended hours for your convenience. If your PCP's office has extended office hours, you may choose to use your PCP for urgent care rather than an urgent care facility. Please contact your PCP for their specific office hours. Please call in advance, as appointments may be required. Please note that some of these clinics see only established patients during extended office hours.
