Benefit Summary Footnotes

1. **Pre-existing conditions** - Pre-existing limitations are waived (entirely or partially) for qualifying pre-existing credit.
2. **Precertification** - Precertification is required for the following: all inpatient services; maternity stays longer than two days for a normal delivery or longer than four days for a cesarean; DME with purchase price of more than \$750; home health nursing services; and pain management/pain clinic services. If you fail to precertify, benefits are reduced to 50 percent and will not be applied to the out-of-pocket maximum.
3. **Waiver of Deductible for Office Visits** - The deductible will not apply to participating office visits (including minor diagnostics tests), IHC InstaCares, or IHC KidsCares if the waiver of Deductible for Office Visits is selected.
4. **Rx Deductible Waiver** - The Rx deductible will not apply if the Rx Deductible Waiver is selected (only available if the Waiver of Deductible for Office Visits option is also selected).
5. **Not applied to out-of-pocket maximum**
6. **Maternity** - For groups with 14 or fewer employees, a lower-cost maternity and adoption coverage option is available. **For Open Panel and Health Choice Premier**, the lower maternity option applies a \$5,000 per calendar year maternity deductible. After the deductible is met, maternity services for participating providers are covered at 100 percent. The \$5,000 maternity deductible also applies to adoption services and may exhaust the benefit prior to any plan payment. With this option, maternity and adoption do not apply to the out-of-pocket maximum. **For HealthSave**, the lower maternity option excludes maternity and adoption services from coverage.
7. **Adoption** - IHC Health Plans provides an adoption indemnity benefit as outlined by the state of Utah. Participating deductible and coinsurance applies.
8. **Services not covered from nonparticipating providers** - The following services are not covered when you go to a nonparticipating provider: preventive care, immunizations, infertility, allergy tests, and allergy treatments.
9. **Preventive Care Deductible Waiver** - Benefits for preventive care services are paid before the deductible is met.
10. **Catastrophic Mental Health** - Catastrophic mental health coverage is available for employers wanting to enhance their coverage.
11. **Supplemental Accident** - For those employers that would like to enhance their coverage, a supplemental accident option is available. With this option, the first \$1,000 of accident-related services are covered at 100 percent per person/calendar year (services must be received within one year of accident).
